Ozark NURSERIES

TAHL-QUAH, OKLAHOMA

— Phone Glendale 6-2521

OZARK NURSERIES, TAHLEQUAH, OKLA.

TERMS AND CONDITIONS

TERMS—1% discount for cash if paid in 10 days following date of invoice, and is due NET 30 days thereafter. Interest charged on past due accounts.

These terms are offered to those with established credit; otherwise cash, security, or satisfactory references. C. O. D. orders must be accompanied by one-fourth cash. Packing will be charged at cost on all orders except bulk truck or car shipments.

Prices named in this list are based upon present market conditions and are subject to change without notice. These are wholesale prices and apply upon the following quantities:

10 to 29 rate — 30 to 299 rate — 300 up rate (where published)

All grades and varieties in any one class (except patented varieties) allowed to make total. For example all fruit trees are considered one class, all shrubs one class, etc.

The following are different classes: Fruit trees, grapes, berries, nut trees, shade and ornamental trees, shrubs, hedges, vines, evergreens, roses, peonies, and bulbs.

PATENTED ITEMS—See individual headings.

BROKEN LOTS—The wholesale prices in this list apply for wholesale quantities. Please order in multiples of 10 to avoid breaking bundles. Broken lots of less than 10 of any one variety and grade will be billed at \$.25 per plant above 10 rate.

SHIPPING—Please give shipping instructions whether by pool truck, motor freight, or express and route. If no instructions are given, we will forward to the best of our judgment without assuming responsibility. **All shipments travel at the purchaser's risk and expense.**

GRADING—All Ozark Nursery stock is graded generously with the American Association of Nurserymen Standards used as a minimum.

TRUCK DELIVERY—We can make truck delivery on full loads, or pool your order with other customers in your area to make load, to any place within the United States at rates as low, and in most cases lower, than local freight rates. If you prefer to call for your stock with your own truck, we should have advance notice so we can have the stock ready.

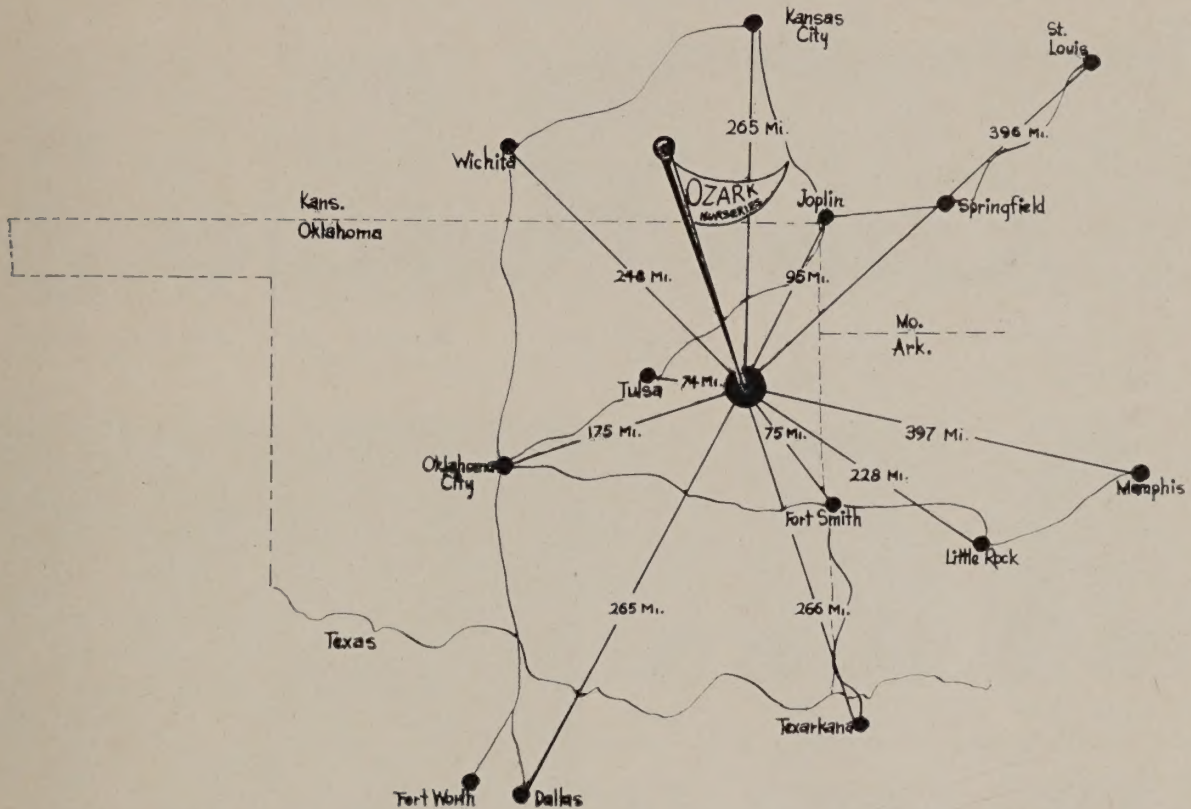

CAUTION—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control. All orders are accepted without liability for non-performance if labor shortages or delay in transportation should prevent us from making delivery.

GUARANTEE—If any nursery stock proves untrue to the description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS—For any cause must be made promptly upon receipt of stock. We will not entertain claims after goods have once been accepted or when report is not made within 10 days after arrival of stock. We express or imply no warranty as to the productiveness or life of the nursery stock we sell and will not be in any way responsible for the results secured in transplanting.

SPECIAL NOTICE—Correspondents are requested to use their printed business letterheads. We do not quote wholesale prices to retail buyers. We make every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

OZARK NURSERIES, TAHLEQUAH, OKLA.

Ozark Nurseries nestled in the foothills of the Ozarks where ideal growing conditions are combined with 67 years experience to produce the finest plants possible. The central location means your order gets to you fast — and with a minimum expense.

AMERICA—Yellow, turning red when fully ripe, large, July.

BRUCE—Largest plum, red, June.

BURBANK—Large, dark red, yellow flesh, July.

DAMSON—Very dark blue, August.

GOLD—Yellow, June.

HANSKA—Apricot plum with its color, July.

SANTA ROSA—Large, purple, July.

SAPA—Small, purplish-red, purplish flesh, July.

HOWARD'S MIRACLE PLUM (Plant Patent No. 721)

Those who have eaten this fruit offer various comments as to its flavor. Some say the flavor is like pineapple, others compare the flavor to a peach, plum and nectarine combined. Invariably, after tasting the Howard's Miracle comes this exclamation, "This fruit is truly a Miracle." The skin is red and yellow maple leaved color, very thin, and unnoticeable when eaten. Fruit is very large, averaging 2½ to 2 ¾ inches, and the seed is only miniature. Flesh is firm and amber colored.

9/16 inch and up..... 1.65 1.50

HANSEN BUSH CHERRY (Improved Besseyi)			
An ornamental shrub, producing delicious fruit. Very easy to grow, highly productive and hardy. The fruit is large, black and wonderful to eat from the bush. Leaves are silvery green, turning red in Autumn. Attractive white blossoms add to landscape effect. Best to plant two or more bushes for pollination. Since this is a dwarf growing plant, it could be the answer to your calls for dwarf cherry trees.

Complete customer satisfaction is dependent on vigorous growth and healthy plants. To achieve this customer satisfaction, Ozark has invested a large sum of money to build this large mechanical digger in our own shops. This machine assures the buyer of a strong, heavy root system that is certain to thrive and grow after planting. Much of Ozark's specialized equipment cannot be bought — but is custom made in our own machine shop. Ozark also manufactures specialized equipment for other nurseries.

OZARK NURSERIES, TAHLEQUAH, OKLA.

SHADE AND ORNAMENTAL TREES

All our shade and ornamental trees are well-shaped, young, vigorous and nursery grown with plenty of space between them in the row for proper development. Dug with Ozark's large mechanical digger which assures you a good root system. All caliper taken 6 inches above collar.

5 to 6 feet.....	2.10	2.00	—
------------------	------	------	---

**SHADE AND ORNAMENTAL TREES—(Continued)****IMPERIAL LOCUST (Plant Patent No. 1605)**

An exceptionally graceful, spreading tree. The branches are symmetrically arranged forming a regular, compact tree. The foliage is dainty and refined and has a fresh green color. It grows straight and strong without staking and produces a uniform head with a minimum of trimming. We consider this the best of all the new patented locust trees on the market.

SHADEMASTER LOCUST (Plant Patent No. 1515)

This new variety is thornless, and grows so straight it needs no staking. Has ascending branches with heavy dark green foliage. Forms a remarkably symmetrical top. Excellent for streets, lawns, and parks as its deep roots do not heave sidewalks, and grass will grow up to the trunk. Grows rapidly and is drought resistant.

SKYLINE LOCUST (Plant Patent No. 1619)

A new, stately, unusual variety of Locust, with a distinctive pyramidal crown. The foliage is dark green with a heavy texture. The leaves are closely spaced and the leaflets closer spaced than the average honeylocust which contributes to the compact appearance of the crown. Skyline develops an exceptionally strong sturdy trunk and shapely crown without being staked or specially trimmed.

SHADE AND ORNAMENTAL TREES—(Continued)

SUNBURST LOCUST (Plant Patent No. 1313)

The first new color in trees in decades. Brilliant golden foliage on the tips of the branches contrasts beautifully with the rich green of the balance of the tree, making it appear to be in bloom all summer. With its broadly pyramidal head and excellent branching habit, it is a very symmetrical tree. There are lovely white blossoms in the Spring, but no unsightly seed pods to mar the beauty of the tree or lawns.

CLIMBING VINES

Tied 10 Per Bundle

	10-29 Each	30-299 Each	300-up Each
AMERICAN BITTERSWEET (<i>Celastrus Scandens</i>)			
A hardy vine producing bright yellow berries that burst open to brilliant red centers. Popular for cutting and hanging in the home.			
2 Yr. No. 1.....	.35	.30	—
2 Yr. Medium.....	.30	.25	—
BIGNONIA (<i>Campsis</i>) RADICANS, (Trumpet Vine)			
Large bright orange trumpet shaped flowers in July. Upright growing vine.			
2 Yr. No. 1.....	.35	.30	—
2 Yr. Medium.....	.30	.25	—
CLEMATIS, LARGE FLOWERING			
The most beautiful and colorful of all flowering vines. A location shaded from hot afternoon sun is best. Will bloom this Summer.			
2 1/2 inch dormant, pot plants.....	.75	.70	—
Baron Veillard (Pink)	Jackmani-Purple	Ramona-Blue	
Henryi-White	Mme. Andre-Red		
CLEMATIS PANICULATA			
Fast growing vine, covered with great masses of fragrant white blossoms in the early Fall.			
2 Year, No. 1.....	.55	.50	—
ENGLEMANN CREEPER (<i>Ampelopsis Parthenocissus Englemanni</i>)			
A selected variety of Virginia Creeper with slightly smaller leaves. This hardy, rapid growing vine is ideally suited for growing on stone walls, brick buildings, trellises, and fences.			
2 Year, No. 1.....	.40	.35	—
2 Year, Medium.....	.35	.30	—
EUONYMUS FORTUNEI COLORATUS (Purple Leaf Wintercreeper)			
An evergreen with long, narrow leaves of deep green, tinged with purple; highly colored in Fall and early Winter. We consider it one of the best vines and an excellent ground cover.			
2 Year, No. 1.....	.55	.50	—
BALTIC IVY (<i>Hedera Helix Baltica</i>)			
Very similar to English Ivy but much more hardy.			
2 1/4 inch pots.....	.35	.30	—
BOSTON IVY (<i>Parthenocissus Tricuspidata</i>)			
Clings to brick, stone, or concrete walls. Beautiful foliage in Spring and Summer changing to crimson-scarlet in Autumn. Does best on North or East side.			
2 Year, No. 1.....	.50	.45	—
ENGLISH IVY (<i>Hedera helix</i>)			
Beautiful dark green evergreen leaf. Clings to masonry. Must be planted on North or East where protected from hot sun.			
2 1/4 inch pots.....	.18	.15	—
HONEYSUCKLE (<i>Lonicera</i>)			
Goldflame , large, fragrant, flame-red trumpets lined with gold are produced in immense showy clusters; blooming from early Summer until frost. The blooms are produced the same year the plants are set out. Foliage, dark blue-green, disease and pest free. Hardy.			
2 Year, No. 1.....	.45	.40	—
2 Year, Medium.....	.40	.35	—

OZARK NURSERIES, TAHLEQUAH, OKLAHOMA

CLIMBING VINES—(Continued)

	10-29 Each	30-299 Each	300-up Each
Hall's Japan , strong growing, evergreen vine with white and yellow flowers which are very fragrant.			
2 Year, No. 1.....	.25	.20	—
2 Year, Medium.....	.20	.16	—
Heckrotti (Summer King) Trumpet-shaped flowers which are coral-carmine outside and gold inside. May be kept clipped into shrub form.			
2 Year, No. 1.....	.45	.40	—
2 Year, Medium.....	.40	.35	—
Purpurea (Lonicera Japonica Purpurea) , Evergreen foliage that turns purple in Fall. Very fragrant pinkish-white flowers all Summer. Good for screens, hedges, and planter boxes. Can be sheared.			
2 Year, No. 1.....	.35	.30	.25
2 Year, Medium.....	.30	.25	.20
Redgold (Trade Mark) (Lonicera Tellmanniana) , Large clusters of trumpet-shaped flowers, two inches long in May and June. Orange scarlet outside, yellow inside; red fruit.			
2 Yr., No. 1.....	.55	.50	—
2 Yr., Medium.....	.45	.40	—
Scarlet Trumpet (Lonicera Sempervirens Magnifica) Beautiful scarlet trumpet shaped blossoms of good size. Foliage an attractive blue-gray-green.			
2 Year, No. 1.....	.40	.35	—
2 Year, Medium.....	.35	.30	—

Goldflame Honeysuckle—Ozark vines are heavy and fast growing. To help you sell you get a FREE 5x7 waterproof colored picture and distinctive tags for every plant.

CLIMBING VINES—(Continued)

Over 5,000,000 gallons of water per day. Yes, to insure strong vigorous plants, Ozark has several electric irrigation pumps just in case we do not receive our normal ample rainfall.

	Each 10-29	Each 30-299	Each 300-up
SILVER LACE VINE (<i>Polygonum Auberti</i>)			
Becomes completely covered with great foamy white sprays of blooms in summer and fall.			
2 Year, No. 1.....	.65	.60	—
VIRGINIA CREEPER (<i>Ampelopsis Quinquefolia</i>)			
A hardy, rapid growing vine ideally suited for growing on stone walls, brick buildings, trellises, and fences.			
2 Year, No. 1.....	.40	.35	—
2 Year, Medium	.35	.30	—
WISTERIA, PINK			
Just like the beautiful Purple Wisteria except a deep pink color, grafted plants.			
2 Year, No. 1.....	.70	.65	—
WISTERIA, PURPLE			
Tall, vigorous climber with long attractive clusters of flowers in early Summer. Cutting grown and will bloom first summer.			
2 Year, No. 1.....	.45	.40	—
2 Year, Medium	.40	.35	—
WISTERIA, WHITE			
Exactly like the beautiful Purple Wisteria except a snow-white color, grafted plants.			
2 Year, No. 1.....	.70	.65	—

OZARK'S EVERGREENS

HERE'S WHY...

1

A QUALITY PLANT THAT IS HEAVILY SHEARED AND WELL FILLED.

2

ROOT PRUNED FOR MAXIMUM ROOT STRUCTURE IN EACH BALL.

3

GROWN ON FERTILE CLAY LOAM SOIL WHICH MAKES A FIRM BALL THAT SHIPS WELL.

4

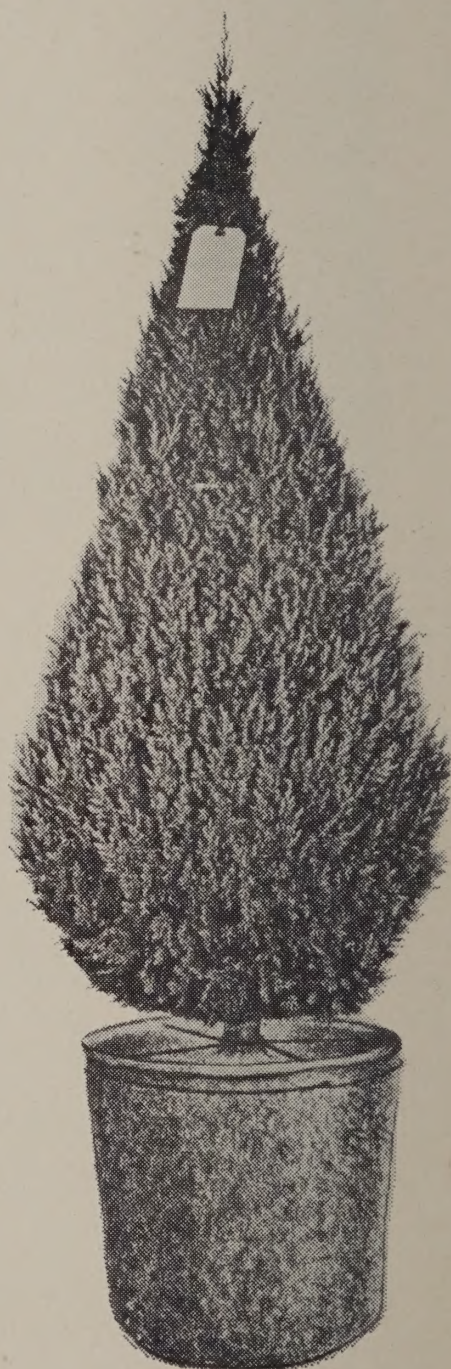

EVERY PLANT BALLED WITH ROT PROOF BURLAP.

5

EXPERIENCE IN GROWING SINCE 1895 — IRRIGATION AND THE MOST MODERN CULTURAL PRACTICES ARE USED TO GROW QUALITY PLANTS.

6

FREE SELF-SERVICE TAG WITH EACH EVERGREEN (SEE NEXT PAGE)

OUTSELL ALL OTHERS!

*and OZARK'S Silent
Salesman Helps You Sell...*

Many sales have been lost because sales personnel could not help, answer questions, or suggest ways to fill customer's needs.

Ozark eliminates this problem for you by making its evergreens a complete self-service item to fill the customer's desires, and better yet, inspire and create many impulse sales. This is done with the tag (Ozark's Silent Salesman) shown below.

(FRONT OF TAG)

(BACK OF TAG)

SPINY GREEK JUNIPER

A very compact, low growing, cone-shaped evergreen with dense spiny foliage. Prefers dry, sunny location, but will tolerate shade. It may grow as tall as the eaves of your home, but can be kept to any desired height by shearing. Very hardy, will stand an abundance of hot and cold weather.

PLANT IT

At your entrance, corner of your house, along your foundation, on each side of your step, in the cemetery, as a screening hedge for privacy, or anywhere a small evergreen is needed.

SPINY GREEK JUNIPER

Size

Price

HOW TO PLANT EVERGREENS

(1) Dig hole a foot larger and deeper than ball of earth in papier-mache pot. Provide good, loamy topsoil to fill around pot. Peat moss generously mixed with soil being put back into hole will encourage root growth. Don't put fertilizer in hole.

Fill good topsoil up around pot and settle dirt by filling hole with water.

Without removing papier-mache pot from ball, set tree in hole to where top of pot will be slightly below normal ground level. After planting, pot disintegrates and acts as a mulch.

CARE OF YOUR PLANT

Water thoroughly once a week. SOAK—do not merely sprinkle. Keep soil cultivated around plant and use your favorite plant food according to directions on package on top of ground after planting.

Prune your plant anytime in spring or summer to shape it or to keep it from growing too large. The more you prune, the thicker, more dense, and prettier your plant will become.

AN OZANCO PRODUCT

Complete step by step instructions for planting. Answers countless questions and saves time of sales personnel.

Complete cultural instructions to help consumer care for plant in the future.

A complete description of the plant that even tells the customer what to expect of the plant in the future.

Many customers would buy a particular plant if they just knew where to plant it. This suggests many places the plant can be used.

To give you complete control of money and expedite sales, this perforated bottom can be torn off and taken to the cashier by your sales personnel. It can also be used to help in reordering and inventory control.

Save Your Sales Personnel Time And Make Money By Selling Ozark Evergreens With This Complete Self-Service Sales Aid.

OZARK NURSERIES, TAHLEQUAH, OKLA.

BROADLEAF EVERGREENS

All evergreens grown by us are transplanted stock, field grown, and all have been grown with plenty of room for development. Our soil is especially suitable for balling. All evergreens are priced balled and burlapped (B & B). All trees have been skillfully sheared to make them symmetrical and compact.

	B & B 10-29 Each	B & B 30-up Each
ABELIA GRANDIFLORA		
Graceful, upright, spreading plant with glossy-green foliage above and red-dish-gray beneath; flowers pinkish-white, very fragrant and borne in profusion.		
18 to 24 inch, Heavy.....	1.65	1.50
24 to 30 inch, Heavy.....	2.25	2.00

KURUME AZALEAS

The kurume Azaleas become completely covered with blossoms in Spring making them the most showy of all flowers for the garden. They are more dwarf in their habit of growth and not quite as hardy as the Japanese Azaleas, yet, they have stood as much as 14 degrees below zero in Tahlequah without any damage. Azaleas prefer partial shade and acid soil. Should be planted on East or North side for best results. Roots are near surface and should be kept cool and damp by using a two to four inch mulch of peat moss. Do not cultivate. An ideal fertilizer is cottonseed meal but do not put in hole when planting.

8 to 10 inch.....	1.35	1.25
Coral Bells—Pink	Snow—Pure White	Hinodegiri—Red

BUXUS SEMPERVIRENS (English Boxwood)

The most popular and hardy boxwood. Small, smooth and slightly curved dark glossy-green leaves growing very close to one another which makes each plant a solid mass.

12 to 15 inch.....	2.75	2.50
15 to 18 inch.....	3.25	3.00
18 to 24 inch.....	4.25	4.00

CAMELLIA SASANQUA CLEOPATRA

The hardiest of all Camellias. Will stand as much cold as Burfordi Holly. Beautiful rose-pink flowers in fall. Will bloom next Summer.

2 to 3 feet.....	2.60	2.50
3 to 4 feet.....	3.35	3.25

CHERRY LAUREL (Laurocerasus Carolina)

An exceptionally good upright grower, with light green, glossy foliage. May be kept compact by shearing. All our plants have been root-pruned.

4 to 5 feet.....	2.85	2.75
5 to 6 feet.....	3.35	3.25

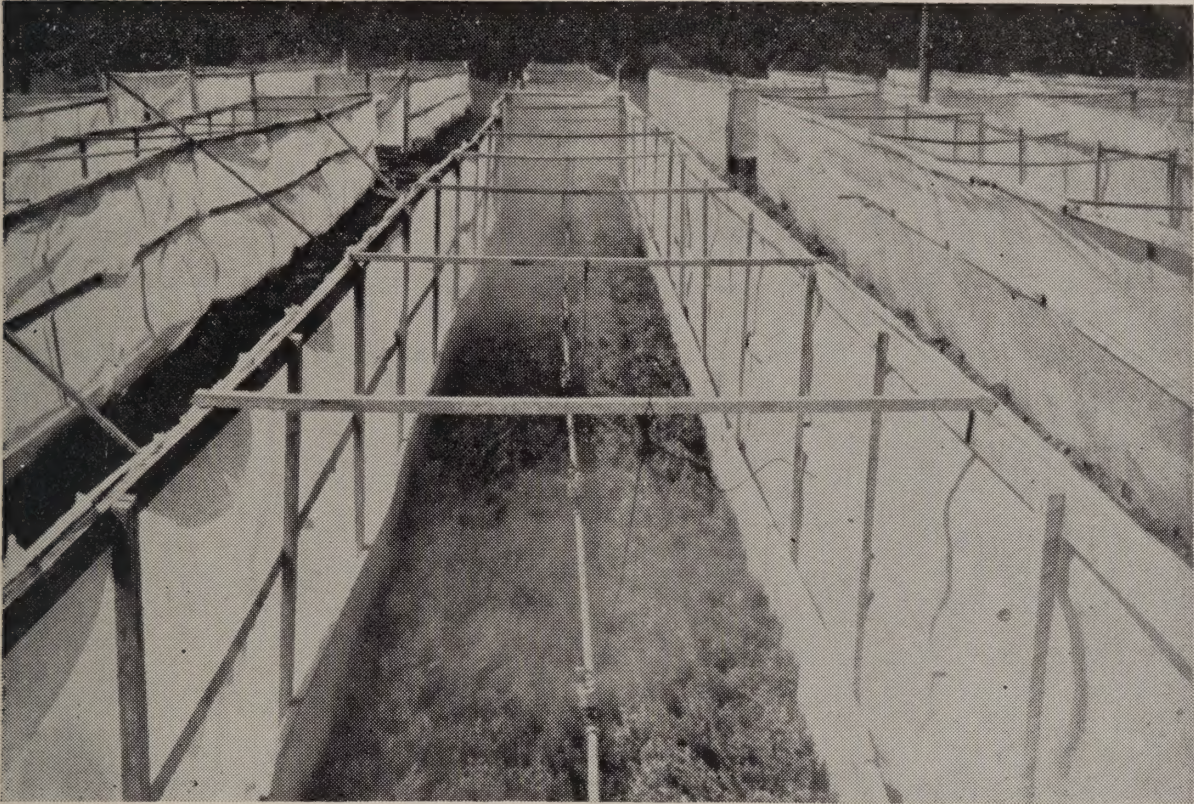

ENGLISH LAVENDER

Small globe-shape plant with silvery-blue foliage.

12 to 15 inch.....	1.35	1.25
15 to 18 inch.....	1.60	1.50
18 to 24 inch.....	1.85	1.75

BROADLEAF EVERGREENS—(Continued)

Evergreen liners grown from cuttings that were once propagated in green-houses are now grown outside in open beds under mist. Each of these beds produce 10,000 liners and Ozark now has 120 beds.

B & B	B & B
10-29	30-up
Each	Each

EUONYMUS JAPONICA

Upright, dense shrub with shiny dark green leaves. Symmetrical grower and needs little attention, but will stand shearing.

24 to 30 inch.....	2.10	2.00
--------------------	------	------

EUONYMUS PATEN (Large Leaf)

A compact shapely evergreen shrub that will form a dense vine if given a little support. Also good for massing, hedging, or as specimens. One of the hardiest and most popular broadleaf evergreen. Good foliage, bright berries.

12 to 15 inch, BR.....	.45	.40
15 to 18 inch, BR.....	.55	.50
15 to 18 inch, B & B.....	1.35	1.25

30 to 36 inch.....	2.50	2.25
PYRACANTHA LALANDI (Lalandi Firethorn)		
Upright, fast growing, clusters of orange berries in Fall. Make a beautiful show until late Winter. Hardier than red varieties.		
2 Year Gallon Cans.....	1.10	1.00

OZARK NURSERIES, TAHLEQUAH, OKLA.

EVERGREENS

All Evergreens grown by us are transplanted stock, field grown, and all have been grown with plenty of room for development. Contrary to most Southern Growers, our Junipers are thick and full. They are 4, 5, and 6 years old and have been sheared heavily and skillfully to make symmetrical and compact plants. We guarantee them to please any Northern buyer and we challenge anyone to grow better quality.

ROSES

California Grown

We now have our own roses growing in McFarland, California, and they are available for shipment from Tahlequah in early January. They are skillfully grown, carefully sprayed during the growing season and are dug only when well-matured. They are carefully graded under our personal supervision and with our excellent refrigerated storage facilities we are in a position to supply first class plants which give satisfaction.

CHARLOTTE ARMSTRONG, Blood red buds open to magnificent blossoms of cerise red. Just off patent list.

CONDESA DE SASTAGO, Deep coppery-pink inside, golden yellow outside, Double.

CRIMSON GLORY, Deep velvety-crimson—just off patent list.

DOCTOR, THE, Large beautiful buds open to enormous semi-double satiny pink blossoms.

ECLIPSE, Long streamlined buds, rich gold without shading.

EDITOR McFARLAND, Shapely buds and double, brilliant pink blooms.

ETOILE DE HOLLANDE, Dark velvety-red, very fragrant, double.

FRAU KARL DRUSCHKI, Magnificent pure white.

GOLDEN CHARM, Long shapely golden yellow buds and fragrant blossoms.

GOLDEN SASTAGO, Vigorous yellow sport of the popular bush variety.

K. A. VIKTORIA, Long buds opening to snowy white, double.

PEACE, Golden yellow blossoms edged with pink. First year off the patent list.

PINK RADIANCE, Large, brilliant rose-pink. Very fragrant.

PINKSETTA, Rich scarlet, long-pointed buds, double blossoms.

PRESIDENT HOOVER, A lovely rose, cerise toned yellow, orange and scarlet; very fragrant.

RED RADIANCE, Bright rosy red, free blooming; delightfully fragrant.

TALISMAN, Glowing golden-yellow stained coppery red.

CARELESS LOVE

(Patent No. 1582) (Retails for \$2.50 each, 3 or more \$2.20 each) An entirely new and striking color combination for the rose world. Cerise red petals are covered with irregular spots of white. Long pointed buds open to fully double high crowned blossoms. Heavy luxuriant foliage.

2 Year No.	1.....	1.40	1.25	1.20	1.10
2 Year No.	1½.....	1.12	1.00	.96	.88

CHRISTIAN DIOR

(PAF) (Retails for \$3.50 each; 3 or more \$3.10 each). Medium-large pointed buds open to a crimson-red overlaid with scarlet, lightly fragrant blossoms with 50 to 60 petals and form a large bloom, high-centered and completely double. Stems are tall and straight with attractive glossy foliage.

2 Year No.	1.....	1.90	1.75	1.65	—
2 Year No.	1½.....	1.52	1.40	1.24	—

CHRYSLER IMPERIAL

(Patent No. 1167) (Retails for \$2.50 each; 3 or more at \$2.20 each). Vivid rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like luster of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high-centered flowers measuring 4½ to 5 inches with 40 to 50 wide petals. These are borne on sturdy, medium long stems. The opening of each glorious rose is a thrilling spectacle of changing iridescent shades of red. A compact and symmetrical grower with abundant, dark green, semi-glossy foliage. AARS winner in 1953.

2 Year No.	1.....	1.40	1.25	1.20	1.10
2 Year No.	1½.....	1.12	1.00	.96	.88

DUET

(Patent No. 1903) (Retails for \$3.00 each, 3 or more \$2.65 each). Beautiful bi-colored rose with large urn shaped bud and double high centered blossoms. Inner petal is soft salmon-pink, and reverse side is rosy crimson. Flowers borne on strong medium length stems. Dark green leathery foliage in beautiful contrast to colorful flowers. Disease resistant. 1961 AARS award winner.

FIRST LOVE				
(Patent No. 921) (Retails for \$2.25 each, 3 or more \$2.00 each). Long pointed deep pink buds open gradually. As the blossoms mature the pink becomes lighter until the fully open, perfectly formed blossom is a rare, delicate shell pink. Fragrant flowers and lush green foliage.				
2 Year No. 1.....	1.25	1.12½	1.05	.95
2 Year No. 1½.....	1.00	.90	.84	.76
FORTY-NINER				
(Patent No. 792) (Retails for \$2.50 each; 3 or more \$2.20 each). Most brilliant bi-color ever introduced. Contrasting colors of vivid oriental red on inside of petals and chrome yellow on outside blend together beautifully. Colors are lasting and bright. Mildly fragrant. AARS winner in 1949.				
2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88
GARDEN PARTY				
(Patent No. 1814) (Retails for \$3.00 each, 3 or more \$2.65 each.) Extra large blossoms of creamy ivory, beautifully flushed with pink on outer edges. A cross of Peace and Charlotte Armstrong produced this rose which combines the finer characteristics of both its famous parents. Almost continuous blooms throughout the season.				
2 Year No. 1.....	1.65	1.50	1.40	1.30
2 Year No. 1½.....	1.32	1.20	1.12	1.04
HAWAII				
(Patent No. 1833) (Retails at \$3.50 each, 3 or more \$3.10 each). Different color, different fragrance breath-taking beauty. An orange-coral blend picked by home gardeners as the Rose of the Year in 1960.				
2 Year No. 1.....	1.90	1.75	1.65	—
2 Year No. 1½.....	1.52	1.40	1.24	—
HELEN TRAUBEL				
(Patent No. 1028) (Retails for \$2.75 each; 3 or more \$2.40 each). The unusually large buds open to gloriously magnificent blossoms of light sparkling pink tinted with luminous shades of apricot. A very vigorous grower. AARS winner in 1952.				
2 Year No. 1.....	1.50	1.37½	1.30	1.20
2 Year No. 1½.....	1.20	1.10	1.04	.96
KING'S RANSOM				
(PAF) (Retails for \$3.50 each; 3 or more \$3.10 each). Long, slender, large buds of pure chrome yellow, open to fully double vibrant yellow blossoms 5 to 6 inches across. Abundant blooms are borne on tall strong stems well above the foliage. Leaves are shiny dark green and very dense. In warmer climates this variety tends to be almost evergreen.				
2 Year No. 1.....	1.90	1.75	1.65	—
2 Year No. 1½.....	1.52	1.40	1.24	—
KORDES PERFECTA				
(Patent No. 1604) (Retails for \$3.00 each; 3 or more \$2.65 each). A new rose color. Fragrant cream buds edged with carmine open to blossoms 4 to 5 inches across with 65 to 70 petals. Long strong stems and dark green, glossy foliage.				
2 Year No. 1.....	1.65	1.50	1.40	1.30
2 Year No. 1½.....	1.32	1.20	1.12	1.04

	Each	Each	Each	Each
MIRANDY				
(Patent No. 632) (Retails for \$2.25 each; 3 or more \$2.00 each.) A strong free-branching plant producing large, long pointed ovoid buds of rich dark red with black shadings, opening to chrysanthemum red. The flower of 50 petals displays new beauties of form and is long lasting. Marvelously fragrant. AARS winner in 1945.				
2 Year No. 1.....	1.25	1.12½	1.05	.95
2 Year No. 1½.....	1.00	.90	.84	.76

MOJAVE

(Patent No. 1176) (Retails for \$2.75 each; 3 or more \$2.40 each). A Charlotte Armstrong cross retaining many of the fine plant characteristics of the parent along with the slender bud of that variety. The color is a blend of salmon, apricot and orange, and occasionally in cool weather the salmon changes to red blended with the other two colors. AARS Winner in 1954.				
2 Year No. 1.....	1.50	1.37½	1.30	1.20
2 Year No. 1½.....	1.20	1.10	1.04	.96

PINK PEACE

(Patent No. 1759) (Retails for \$3.00 each; 3 or more \$2.65 each). Very fragrant non-fading dusty pink blossoms borne individually on long heavy canes. A vigorous upright freely branching plant that blooms abundantly. Dark green foliage. Disease resistant.				
2 Year No. 1.....	1.65	1.50	1.40	1.30
2 Year No. 1½.....	1.32	1.20	1.12	1.04

STERLING SILVER

(Patent No. 1433) (Retails for \$3.00 each; 3 or more \$2.65 each). Light lavender pink buds slowly open to 4 inch beautifully cupped fragrant blossoms. Medium tall grower with rich dark green foliage.				
2 Year No. 1.....	1.65	1.50	1.40	1.30
2 Year No. 1½.....	1.32	1.20	1.12	1.04

TANYA

(Patent No. 1712) (Retails for \$3.50 each; 3 or more \$3.10 each). Long, pointed, slender, red-orange buds open to high-centered blossoms of a magnificent orange color that are a full 5 inches across and have a delightful fragrance. Medium tall grower with glossy deep green foliage.				
2 Year No. 1.....	1.90	1.75	1.65	—
2 Year No. 1½.....	1.52	1.40	1.24	—

TIFFANY

(Patent No. 1304) (Retails for \$2.75 each; 3 or more \$2.40 each.) The long pointed buds are deep pink with golden yellow shading at base of petals. The flowers open to perfectly formed, double, high centered blooms of a pleasing shade of pink. The plant has an upright habit of growth, long strong stems for blooms. Outstanding fragrance and exceptional lasting qualities. AARS Award in 1955.				
2 Year No. 1.....	1.50	1.37½	1.30	1.20
2 Year No. 1½.....	1.20	1.10	1.04	.96

WHITE KNIGHT

(Patent No. 1359) (Retails for \$2.75 each; 3 or more \$2.40 each). The long tapered buds open to satiny pure white blossoms borne on long stems. A vigorous growing plant with an upright habit of growth. The only white hybrid tea rose ever to win an All-America Rose Selection Award, AARS 1958.				
2 Year No. 1.....	1.50	1.37½	1.30	1.20
2 Year No. 1½.....	1.20	1.10	1.04	.96

Patented Grandiflora Roses

The new Grandiflora Class consists of varieties relatively tall in growth, free flowering, often with many flowers in clusters but with individual stems, long enough for cutting. The flower size, though not necessarily as large as hybrid teas, is larger than the average Floribunda, with Hybrid Tea standard for bud and flower form.

BUCCANEER

	10-19	20-99	100-249	250-up
	Each	Each	Each	Each
(Plant Patent No. 1119) Retail for \$2.50 each; 3 or more \$2.20 each). Brilliant flowers of non-fading, lasting clear yellow. Strong growing plant. Received Gold Medal at the Geneva, Switzerland Trials and Certificate of Merit at Bagatelle and Rome.				
2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

CARROUSEL

(Pat. No. 1066) (Retail for \$2.00 each; 3 or more \$1.75 each). The large double flowers could easily class this rose as a Hybrid Tea, but the blooms appear in clusters so free blooming it is classed as a Grandiflora. Continuous mass of glowing deep red flowers regardless of weather. Tall growing, rather upright. Mildew resistant.				
2 Year No. 1.....	1.10	1.00	.95	.85
2 Year No. 1½.....	.88	.80	.76	.65

JOHN S. ARMSTRONG

(PAF) (Retail for \$3.50 each; 3 or more \$3.10 each). Distinctive medium size buds open to flowers of intense, velvety-red that are fully double and measure up to 4 inches across. Although the blooms are in clusters the individual stems are long enough for cutting. Plant is bushy and freely branching and the attractive glossy foliage is disease resistant.				
2 Year No. 1.....	1.90	1.75	1.65	—
2 Year No. 1½.....	1.52	1.40	1.24	—

PINK PARFAIT

(Pat. No. 1904) (Retail for \$3.00 each; 3 or more \$2.65 each). Perfect buds and high-centered blooms all ideal for cutting borne profusely on a robust plant. Flowers are a delicate blending of pink pastel shades ranging from dawn pink to apple blossom pink and in the open stages will go to a deep rose varying somewhat according to the weather.				
2 Year No. 1.....	1.65	1.50	1.40	1.30
2 Year No. 1½.....	1.32	1.20	1.12	1.04

QUEEN ELIZABETH

(Patent No. 1259) (Retail for \$2.50 each; 3 or more \$2.20 each). Pure pink and its blooms are set off dramatically by glossy, deep green foliage. The flowers are exquisitely formed and high-centered like a Hybrid Tea. Borne on long almost thornless stems which are ideal for cutting. Blooms are carried both singly and in clusters after the manner of the Floribundas and hold exceptionally well when cut.				
2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

STARFIRE

(Patent No. 1742) (Retail for \$2.50 each; 3 or more \$2.20). Glowing currant-red high-centered blooms; distinctive, fluorescent, non-fading. Excellent for cutting. Bronzy green foliage. Very vigorous. AARS Award in 1959.				
2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

FASHION

(Patent No. 789) (Retails for \$1.75 each; 3 or more \$1.55 each). Brilliant luminous coral flowers overlaid with gold, opening with wavy graceful petals. All season bloom, large clusters and singly. AARS Award for 1950.

2 Year No. 1.....	1.00	.87½	.80	.75
2 Year No. 1½.....	.80	.70	.64	.60

FIREKING

(Patent No. 1758) (Retails for \$2.50 each, 3 or more \$2.20 each). Tall growing floribunda with blood-red pointed buds opening to perfectly formed vermillion flowers measuring two to three inches across. Strong grower with dark green foliage.

2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

FUSILIER

(Patent No. 1709) (Retails for \$1.75 each; 3 or more \$1.55 each). The reddish-orange buds open to clusters of copper red blossoms that are borne in clusters on a compact vigorous plant. AARS 1958.

2 Year No. 1.....	1.00	.87½	.80	.75
2 Year No. 1½.....	.80	.70	.64	.60

GOLDEN SLIPPERS

(PAF) (Retails for \$3.50 Each; 3 or more \$3.10 each). Small, pointed, perfectly formed buds of bright red, orange and gold open to brilliant true orange blossoms that are borne freely in clusters. Individual blooms are high-centered to slightly cupped and of medium size with up to 25 petals.

2 Year No. 1.....	1.90	1.75	1.65	—
2 Year No. 1½.....	1.52	1.40	1.24	—

GOLDILOCKS

(Patent No. 672) (Retails for \$1.50 each; 3 or more \$1.30 each). Rich golden yellow, buds are ovoid in shape, long lasting, hardy and vigorous.

2 Year No. 1.....	.90	.75	.70	.65
2 Year No. 1½.....	.72	.60	.56	.52

IVORY FASHION

(Pat. No. 1688) (Retails for \$2.00 each; 3 or more \$1.75 each). Slender ivory colored buds opening to four-inch flowers; long decorative golden stamens. Fragrant, long lasting. Healthy plant to 30 inches. AARS Award for 1959.

2 Year No. 1.....	1.10	1.00	.95	.85
2 Year No. 1½.....	.88	.80	.76	.68

ROSES—(Continued)

	10-19 Each	20-99 Each	100-249 Each	250-up Each
--	---------------	---------------	-----------------	----------------

JIMINY CRICKET

(Patent No. 1346) (Retails for \$1.75 each; 3 or more \$1.55 each). A Floribunda which features tangerine red buds, opening to coral-orange and finishing in a pink coral which is close to the color of Fashion.

2 Year No. 1.....	1.00	.87½	.80	.75
2 Year No. 1½.....	.80	.70	.64	.60

RED PINOCCHIO

(Patent No. 812) (Retails for \$1.50 each; 3 or more \$1.30 each). Masses of 3½ inch flowers in unfolding clusters. Rich carmine; gradually deepens as blooms open. Wild rose fragrance. Vigorous; prolific bloomer.

2 Year No. 1.....	.90	.75	.70	.65
2 Year No. 1½.....	.72	.60	.56	.52

SARABANDE

(Patent No. 1761) (Retails for \$2.50 each; 3 or more \$2.20 each). Bright iridescent semi-double scarlet blossoms with bright yellow stamens make this plant strikingly beautiful. Blooms are larger than average floribunda and are borne early and continuously throughout the season.

2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

Patented Climbers

CLIMBING CRIMSON GLORY

(Patent No. 736) (Retails for \$2.75 each; 3 or more \$2.40 each). Climbing form of the outstanding Hybrid Tea, producing an abundance of perfectly formed crimson colored blooms.

2 Year No. 1.....	1.50	1.37½	1.30	1.20
2 Year No. 1½.....	1.20	1.10	1.04	.96

CLIMBING DON JUAN

(Patent No. 1864) (Retails \$3.00 each; 3 or more \$2.65 each). A pillar rose bearing a constant display of deep velvety red, 5 inch flowers with delightful fragrance. Excellent for cutting. Large blooms, both singly and clustered.

2 Year No. 1.....	1.65	1.50	1.40	—
2 Year No. 1½.....	1.32	1.20	1.12	—

CLIMBING GOLDEN SHOWERS

(Patent No. 1557) (Retails for \$2.50 each; 3 or more \$2.20 each). The first Winter-hardy everblooming pillar and climbing rose that actually blooms from early Spring through to late Fall. Fragrant buds and flowers of daffodil yellow. Long pointed buds of 25 to 30 petaled flowers. Almost thornless, very disease resistant. 1957 AARS winner.

2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

CLIMBING PEACE

(Patent No. 932) (Retails for \$2.50 each; 3 or more at \$2.20 each.) Climbing form of the famous bush Hybrid Tea.

2 Year No. 1.....	1.40	1.25	1.20	1.10
2 Year No. 1½.....	1.12	1.00	.96	.88

A view of Ozark's Peonies in bloom. In the Ozark foothills Mother Nature has provided a perfect balance of fertile soil, abundant sunshine, and ample rain. This, along with 66 years of growing experience, the latest growing equipment, and the most exacting modern cultural practices assures you and your customer the best in strong vigorous, top quality plants.

PEONIES

Our Peonies are strong divisions of three year old plants, carrying from 3 to 5 eyes, well-rooted, well-balanced, and well-developed. Guaranteed to be absolutely true to name. Available after September 15.

The figures after the name of the variety indicate the rating given these Peonies by the American Peony Society.

DOUBLE PEONIES

	Each	10-29 Each	30-up Each
EDULIS SUPERBA (7.6)	.60	.45	.40
Clear bright rose pink. Earliest double pink and very floriferous. Good cut flower variety.			
FELIX CROUSSE (8.4)	.60	.45	.40
Brilliant ruby-red. Mid-season bloomer. A very good one.			
FESTIVA MAXIMA (9.3)	.60	.45	.40
Early. Best known of all whites, pure white flecked crimson, very large.			
KARL ROSENFELD (8.8)	.60	.45	.40
Brilliant dark crimson red. Blooms in mid-season.			
MONS JULES ELIE (9.2)	.60	.45	.40
Mid-season. Very large, bright rose-pink, an outstanding cut flower variety.			

BLEEDING HEART

200 Select Tubers For Only \$45.00

Extend Your Selling Season With **Ozark's Container Stock**

- Get extra sales in Spring after bare root season is over.
- Get extra sales in Summer.
- Get extra sales in September and October before bare root stock can be dug.

Why Are Ozark's Container Plants Better For You?

1. A large 5x7 inch true-to-life color picture tag is furnished with each plant to sell the plant.
2. Every Ozark Plant grown in a scientifically formulated mix to give strong, healthy plants.
3. Every can treated to prevent rust and painted for eye appeal.
4. One dependable source for a complete line of flowering shrubs, shade, flowering and ornamental trees, fruit trees, etc., grown in containers.

**You Will Make More Money Selling Ozark
Container Grown Plants**

OZARK NURSERIES, TAHLEQUAH, OKLA.

CANNED PLANTS

All Ozark plants are grown to maturity in the fields and then transplanted to cans. The growing medium is scientifically prepared to give the best root growth so the plants come to you at their peak. A well-rounded program of watering, fertilizing and insect and disease control has been followed so that you are assured of receiving nothing but the finest for your retail sales or landscape work. To help you sell, there is a tag for every plant with a full 5 x 7 inch picture of the plant at the height of its beauty on the front and with complete planting instructions on the back. Lengthen your selling season and increase your profits with "Ozark Plants".

MAKE EXTRA PROFITS WITH

Let Us Help You Cash

Which Package Burlap

Ozark designed this package especially for nurseries and garden centers. You can buy roses, shrubs, trees, etc., that will help you wait on customers faster, display easier, have more sales appeal and make you more money.

A large 5x7 colored picture sealed in plastic will be furnished with each variety to help you sell. Every plant will have a label with complete planting instructions on the reverse side.

The roots are machine packaged in a rot-proof treated burlap bag, that is machine sewn for uniformity and dyed a bright green for eye appeal.

When you receive these plants all you need to do is heel them in and they are ready for sale. Customers can take their plants as is. No more costly wrapping expense is necessary. But your real saving is sales personnel time.

The plants can be kept moist over a long period of time and be field fresh for your customers when they want them.

Which Package Is Your Choice?

Is Best For You?

Glittering Acetate

(Far Superior To Aluminum Foil)

Ozark's acetate packaged plant is designed for peak period — quick turnover sales. Progressive nurserymen everywhere are cashing in on this extra profit line. A "cash and carry" line with rapid turnover and big net profits. No special facilities needed for handling packaged plants.

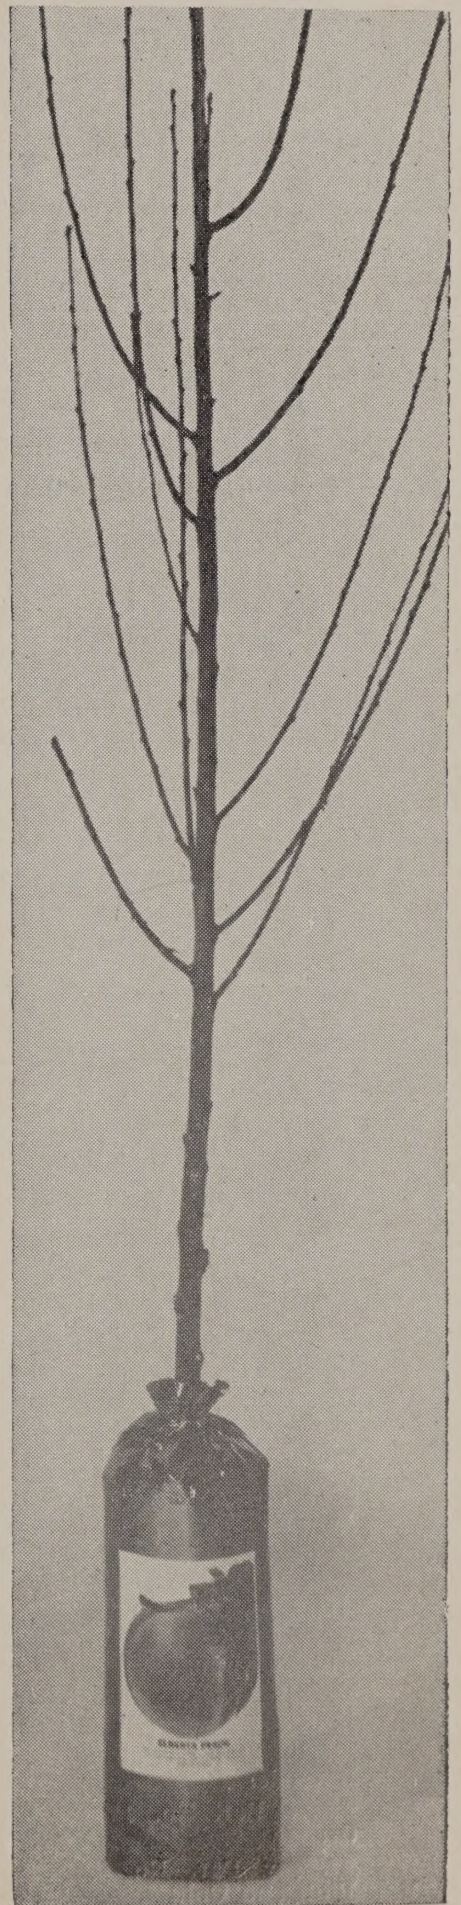

Every plant is machine packed in a glittering acetate bag with plenty of moisture retaining material around the roots. A large 5x7 inch, full-color picture is on the front of each bag and complete planting instructions on the back. Each bag has an inner polyethylene bag to further conserve moisture. We offer several bag designs so you can pick one to suit your needs. The acetate bag has the glittering attractiveness of foil to attract your customers, but will not scuff and look shopworn in shipping and handling.

A proven aggressive, modern merchandising method to help increase your gross sales and net profits. Ozark package plants reduce costly handling of plants and create impulse sales.

Edulis Superba

Clear, bright rose pink

Festiva Maxima

Pure White, Flecked Crimson

Karl Rosenfield

Large Velvety Dark Crimson

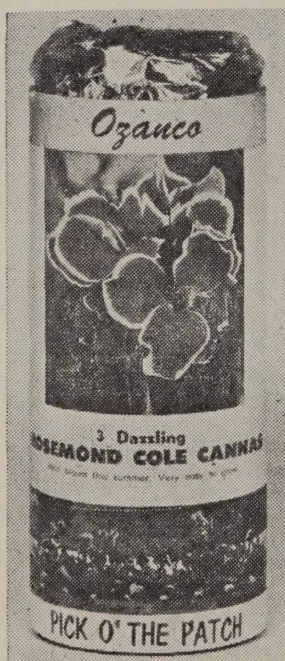

Mons Jules Elie—Large Bright Rose Pink

PACKAGED CANNAS

Our Cannas are strong 3 to 5 eye divisions, properly matured and cured so as to give you the best possible results.

CITY OF PORTLAND

Large blooms in good sized clusters, medium rose-pink, strong stems, well above the green foliage. 4 feet.

HUNGARIAN

One of the finest pinks, green foliage. 4 feet tall. Truly the best of all cannas.

PRESIDENT

Immense flowers of rich glowing scarlet produced on strong erect stalks well above the large, rich green foliage. 4 feet.

RED KING HUMBERT

Really the King of Cannas. The largest heart-shaped leaves are purple-matted brown over bronze; immense orchid-like velvety orange scarlet flowers. 5 feet.

ROSEMOND COLE

A superior red variety with a gold edge and green foliage. 5 feet.

WYOMING

True orchid flowering variety with magnificent orange colored flowers. Purple foliage. 5 feet.

YELLOW KING HUMBERT

Deep, rich yellow, heavily spotted and flecked with deep red. Green foliage. 4 feet.

Packed 18 per case

**OLD FASHIONED
BLEEDING HEART**

Packed 18 per Case

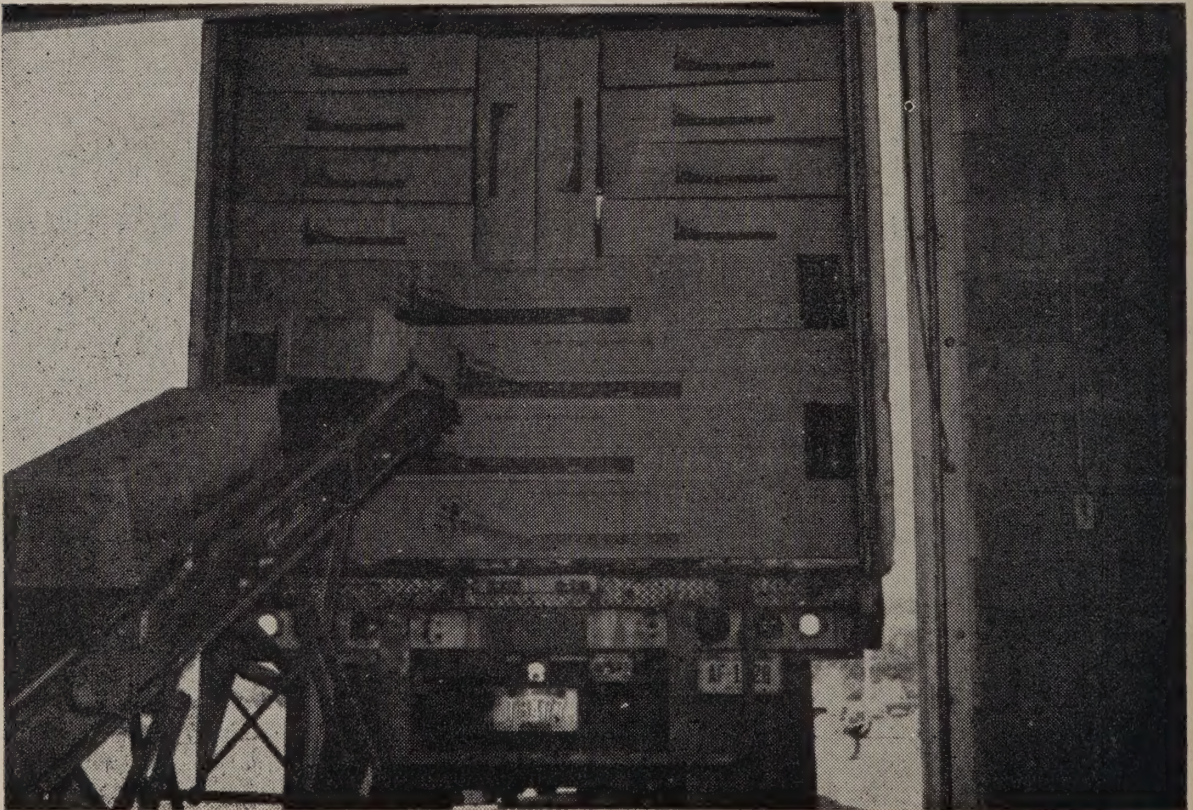

Approximate Shipping Weight 2 Lbs.

Our Bleeding Hearts are strong divisions with three or more eyes. They are packaged in a container similar to Peonies.

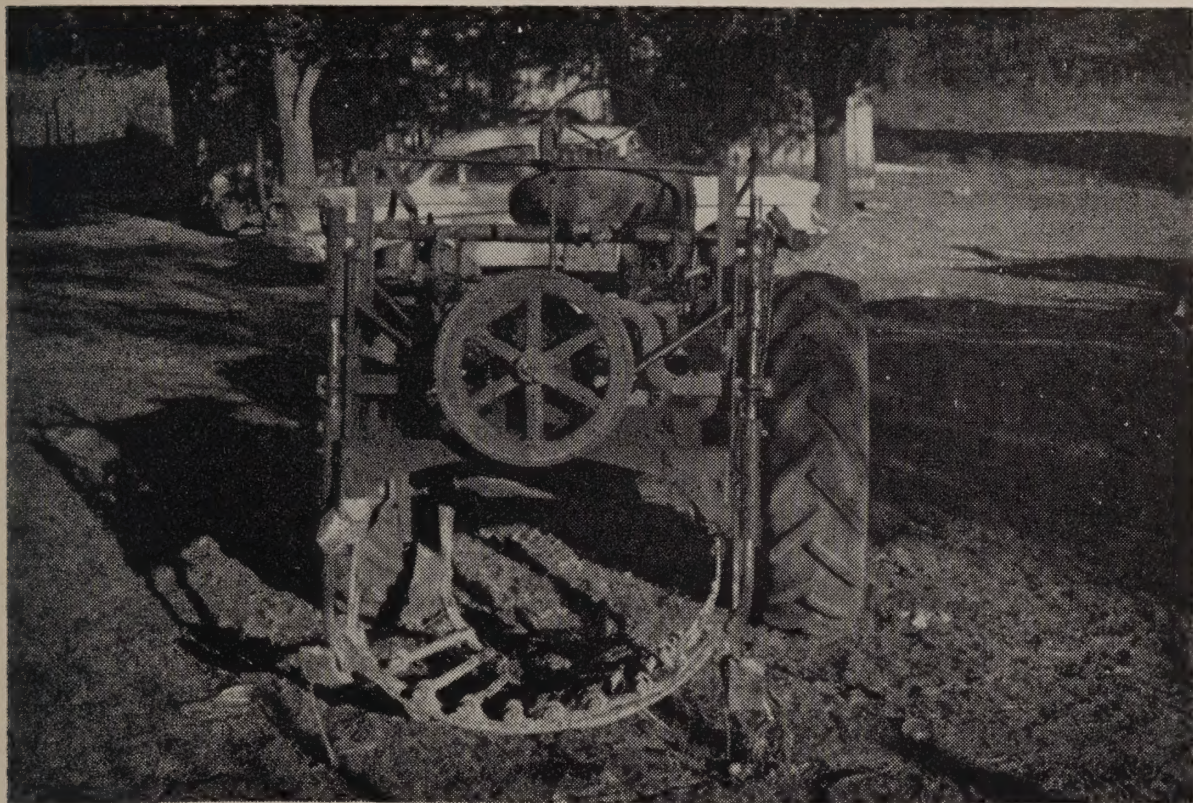

Price per package..... .50

A portion of Ozark's physical plant showing offices, storage buildings, grading and packing building, greenhouse, propagation beds, and shop. These modern facilities mean that your order gets prompt attention and speedy shipment.

All Ozark packaged roses, shrubs, trees, etc., are shipped in cardboard boxes. They arrive at your place in better condition. **NOT** in a shop-worn condition before you display them.

This peculiar looking contraption is a very important piece of equipment at Ozark Nurseries. It is used to dig Cannas and Peonies and shakes the dirt off the roots in the same operation. This is another machine that could not be bought so we built it in our own shops to fill a need.

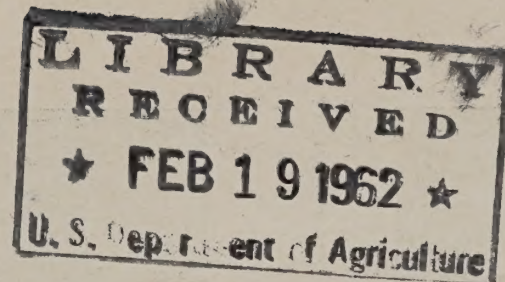

The most modern cultural practices of cultivating, fertilizing, spraying and shearing means that when you get an Ozark Plant you get a plant with sales appeal that builds "repeat business."
